

Connection Instructions

[Download MySql Workbench here.](#)

Add a new connection from this plus sign:

Enter the following info (also depicted below):

Hostname: 54.213.177.154

Username: read-only

A screenshot of the "Setup New Connection" dialog box in MySQL Workbench. The dialog has a title bar with three colored window control buttons. It contains several input fields and tabs. The "Parameters" tab is selected. The fields are: "Connection Name" (text: "insights analyst assessment"), "Connection Method" (dropdown: "Standard (TCP/IP)"), "Hostname" (text: "54.213.177.154"), "Port" (text: "3306"), "Username" (text: "read-only"), "Password" (with buttons "Store in Keychain ..." and "Clear"), and "Default Schema" (empty). There are also tabs for "SSL" and "Advanced". At the bottom, there are buttons for "Configure Server Management...", "Test Connection", "Cancel", and "OK".

Connection Name: insights analyst assessment

Connection Method: Standard (TCP/IP)

Parameters SSL Advanced

Hostname: 54.213.177.154 Port: 3306

Username: read-only

Password: Store in Keychain ... Clear

Default Schema:

Configure Server Management... Test Connection Cancel OK

When prompted, enter the password: 8jueKdPs*UZ4#zwv
